

**INDUSTRIAL
DUST COLLECTOR
2025**

About Us

At SAF, we are a leading manufacturer of advanced dust collectors for industrial applications. With years of experience and expertise, we design and produce state-of-the-art dust collection systems that meet the highest standards of performance, reliability, and safety. Our mission is to deliver innovative and cost-effective solutions tailored to our customers' dust collection needs.

We offer a comprehensive range of products that cater to various industries, including metalworking, woodworking, and more. Our commitment to quality and excellence is evident in every product we manufacture, ensuring that we provide the most efficient and effective dust collection solutions. We are proud to be a trusted partner to companies around the world, dedicated to enhancing their operational efficiency and environmental compliance.

Our dedication to continuous improvement and customer satisfaction drives us to constantly innovate and refine our products. By integrating cutting-edge technology and sustainable practices, we strive to protect both people and the planet, ensuring a cleaner and healthier future for all.

Max. Airflow	3.500 m ³ /h
Motor Power	3 kW - 3 Ph
Voltage	400 V - 50 Hz
Pressure @ Max Airflow	2057 Pa
Filter Quantity	1 Pc
Filter Sizes	Ø350x1080 mm
Filtration Area	10 m ²
Filter Type	Cartridge Filter
Waste Storage	140 Liters
Vacuum Diameter	Ø200 mm
Filter Cleaning	Manual Arm
Unit Sizes	810x1260x2200 mm
Weight	233 kg
